INTRODUCTORY

In presenting our First Edition of the Temiskaming District Directory we trust it will meet with the approval of our numerous patrons. Every effort has been made to produce a complete and accurate directory of this District, and we believe we have succeeded notwithstanding the numerous difficulties which we have encountered.

On page 83 will be found an Alphabetical Directory of nearly all the residents of the Towns and Villages in the District, and on page 220 is a Classified Business Directory which is a mirror of the Business Interest of the Northern Country.

Pages 49-82 contain a list of the residents of the Townships, most of the names contained therein being farmers.

See the General Index for further information re the contents of this Directory.

This work will be published bi-yearly, and we expect our next edition will be enlarged.

Respectfully yours,

HENRY VERNON & SONS,

Directory Publishers,

THE SIGN OVER YOUR DOOR

It is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The CITY DIRECTORY is where many people look when they want to find you. Make it easy for them to find you by putting in the Directory such Information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.
